Professional Summary

Motivated B.E. Information Technology student with hands-on experience in web development, responsive UI design, and full-stack fundamentals. Proficient in HTML, CSS, JavaScript, React.js, Core Java, JDBC, and SQL. Experienced in building and optimizing web interfaces across platforms. Eager to apply technical skills in AI-driven e-commerce and digital systems environments.

Technical Skills

- Languages:** JavaScript(ES6+), Java, HTML, CSS3,React.js
- Backend & Database:** Core Java, JDBC, SQL,PostgreSQL, PL/SQL
- Tools & Platforms:** Git, GitHub, PowerBI, VS Code
- Development Practices:** CRUD Operations, Agile SDLC
- Soft Skills:** Communication, Decision-Making, Problem-Solving, Teamwork, Time Management

Experience

- IT Intern** — Larsen & Toubro Vadodara, Gujarat
Dec 2024 – Jan 2025
- Worked with MySQL and PostgreSQL databases to manage, retrieve, and analyze business data through SQL queries.
 - Designed and developed interactive Power BI dashboards and reports to visualize key performance metrics and operational insights.
 - Performed data cleaning, validation, and transformation to ensure data accuracy and consistency across reporting systems.
 - Collaborated with cross-functional teams to understand business requirements and translate them into data-driven reports and dashboards.

Projects

- Swastha Net — Rural Telemedicine Platform**
- Developed a full-stack telemedicine platform using Next.js, TypeScript, Firebase, and Tailwind CSS to facilitate seamless patient-doctor interactions.
 - Implemented secure authentication and role-based access control for patients and doctors using Firebase Authentication and Firestore.
 - Integrated an AI-powered symptom checker using Genkit to provide preliminary health assessments based on user-reported symptoms.
 - Built appointment booking, patient management, and healthcare dashboard modules to streamline online consultations and record tracking.
- EduCourse — Online Learning Management System**
- Contributed to a web-based education platform delivering video lectures, notes, and study materials.
 - Built responsive, interactive UIs using web technologies with smooth module navigation.
 - Collaborated on layout refinement, UI integration, and quality validation with team members.

Education

Bachelor of Engineering, Information Technology <i>Pillai HOC College of Engineering and Technology — CGPA: 8.5</i>	2022 – 2026
Higher Secondary Certificate (HSC) <i>St. Joseph High School and Junior College — 67.33%</i>	2020 – 2022
Secondary School Certificate (SSC) <i>S.B.O.A. Public School — 90.60%</i>	2019 – 2020

Certifications

- Web Technologies (HTML, CSS, JavaScript, React) – QSpiders
- SQL – QSpiders
- Core Java – QSpiders
